To Whom It May Concern;

This letter is to serve as confirmation that all M&G DuraVent products are manufactured in the United States of America, with the exception of PolyPro®, currently manufactured at our parent company's (Muelink & Grol) facilities in The Netherlands. M&G DuraVent, Inc, operates manufacturing facilities in Vacaville, CA and Albany, NY.

If further information or certification is required, please contact DuraVent.

Thank you for your interest in our products.

Sincerely,

Karen Josephson
Manager of Marketing and Communications
