

**Montigo (Canadian Heating Products Inc.)  
now Approved with 4" x 6 5/8" DirectVent Pro!**

DuraVent is pleased to announce a key approval from Montigo (Canadian Heating Products Inc.) with DirectVent Pro 4" x 6 5/8" coaxial (concentric) venting with Montigo direct-vent gas fireplaces.

When using DirectVent Pro, please refer to the installation manual provided with each Montigo fireplace.

The 46DVA-AD-M1 Mounting Adapter attaches to the 4" x 7" vented fireplace, this will allow the Montigo Fireplace to use DuraVent 4" x 6 5/8" DirectVent pipe.

Mounting Adapter

The 46DVA-AD-M2 Termination Adapter attaches to the DuraVent DirectVent pipe, so that it can be connected to the approved Montigo Termination Cap, check the appliance installation instructions to see if a DuraVent termination is allowed, in which case the Termination Adapter is not needed.

In rear-vent applications, Montigo's own OEM horizontal termination must be used. Please refer to Montigo Fireplace installation manuals for more details.
