

DuraVent DuraPlus® HTC 7" dia. is now approved for use on the Astria Montecito Estate™ Fireplace, offered by IHP.

DuraPlus® HTC is a 2" insulated double wall chimney system for use with wood stoves, fireplaces, and appliances fueled by wood, oil, gas, or coal. DuraPlus HTC is listed to UL 103HT as well as ULC S629.

To use DuraPlus HTC on the Montecito Estate™ attach the HTC adapter (7HTC-S21) to the S2100 connection on the stove then continue to assemble the rest of the HTC chimney as needed for your installation.

Follow the DuraPlus HTC instructions for installing the chimney.

DuraPlus® HTC

IMPORTANT: Adapter is approved for the Montecito Estate™ Fireplace only!
