

Lochinvar Approves PolyPro Single-Wall for Boilers

August 13, 2014

Vacaville, CA - M&G DuraVent announced that it has obtained a key approval for PolyPro Venting Systems. PolyPro Single-Wall pipe and fittings have been approved for use on Lochinvar's Fire Tube Boilers.

Listed to ULC-S636, PolyPro has been approved for Lochinvar's FTXL boiler models 400-600 and 725-800.

About M&G DuraVent

M&G DuraVent is a recognized technological leader in the venting industry. All M&G companies, including DuraVent, exclusively develop, manufacture and market a wide range of flue and vent products in aluminum, stainless steel and plastic for the HVAC and hearth industry. M&G is the largest supplier of engineered venting systems for the high-efficiency heating market in Europe for 20 years. For more information, please visit www.duravent.com.

About Lochinvar

Lochinvar, LLC is a leading manufacturer of high-efficiency water heaters, boilers, pool heaters and commercial solar thermal heating systems. The company's history is rich with family heritage with its founder, William Vallett establishing a foundation built on core values still represented today, almost one hundred years later. Competencies like a commitment to research and development, lean and flexible manufacturing systems, comprehensive training programs, a network of distribution and most importantly, our people are what have made Lochinvar an industry leader.
