

DURAFLEX PRO[®]

ULTRA FLEXIBLE, ULTRA STRONG. CUSTOM FLEX & FLEX KITS.

DuraFlex Pro is the ultimate in flexible steel liners for its strength and flexibility. It features 20% more stainless steel per foot compared to other liners on the market. Its extreme flexibility facilitates problem free installations where multiple offsets are needed. DuraFlex Pro liners self-straighten when taken out of the box...no other stainless steel liner can. No wrestling with the liner to get it straightened out. It arrives clean with little to no machine oil residue. DuraFlex Pro is available in 3"-12" diameters in lengths, kits and custom lengths. Backed by a lifetime warranty. Find out more at www.duravent.com
